What will we pay for? Grants are intended to increase the capacity of the business by providing professional services, education or training. Grant funds are not intended for equipment, supplies, purchases, employees or other ongoing business expenses. Grants will be paid directly to Vendors (consultants or trainers) after they sign a three-way agreement among you, the consultant and the QVDC and complete the work to your satisfaction. The QVDC will pay no more than \$75/hour for services. You are encouraged (but not required) to supplement this QVDC grant with your own funds, if needed, to complete your project. Funds are limited and treated on a first-come, first-served basis, provided all documentation, proposals and contracts are in place in a timely fashion (see 30 day policy, page 2). QVDC reserves the right to deny applications not meeting these criteria or not providing complete documentation of eligibility before program funds expire.

We need to establish an agreement between you and your preferred consultant. Once you have identified your consultant, we will send you a simple one-page proposal which both you and your consultant must sign. By signing this, you both agree to the proposed work including the final cost and amount of time. If the cost exceeds our grant, you must pay the difference directly to the consultant yourself. We do not certify consultants however we do require that consultants show proof of competency when applicable (e.g., license, certification), proof of workers' compensation insurance, if applicable, and complete a W9 form for tax purposes.
